

6 YEAR LIMITED WARRANTY

EZ Loader Custom Boat Trailers, Inc., warrants each new EZ Loader Custom Boat Trailer to be free from defects in materials and workmanship for a period of 5 years from date of retail purchase, or 6 years from date of manufacture, whichever comes first. EZ Loader Customs shall repair, or replace, without charge, any parts found to be defective because of imperfect workmanship or materials, within a reasonable time after the trailer is returned, at purchaser's expense, to EZ Loader Custom Facility, and/or depending on the severity, to an authorized distributor or dealer. Who is covered: This warranty is extended to the original purchaser only and does not extend to any other persons to whom the trailer may be transferred.

What is not covered: Provisions of this warranty shall not apply to any product which is found to have been modified or altered in any way; nor shall the warranty apply to any defect or malfunction which was caused by damage, unreasonable use, or failure to provide reasonable and necessary maintenance. The warranty will not cover damage caused by overloading the trailer beyond stated capacities located on the VIN Identification label, located on the front of the inside rail of the trailer, improper adjustment of the trailer to the boat, or the use of weight distribution hitches in conjunction with hydraulic surge brakes. Due to the highly corrosive conditions a trailer is exposed to the rust residue is not included. Steel components have a tendency to show rust residue and they are not covered under warranty. This limited warranty does not cover winches, lights, couplers, actuators, brakes, tongue jacks, and tires, as these items are covered for 90 days, while the Vault ã bearing system is warranted for 5 years from date of purchase or six years from manufacturing date. Any implied warranties, obligations, or liabilities, including but not limited to, any implied warranty of merchantability, shall be limited in duration to the sixtion of this written limited warranty. Some states do not allow limitation on how long an implied warranty lasts, so the above limitation may not apply to you. The use of any unit as part of a rental fleet, or use for any commercial purposes, voids this warranty. The following are exclusions of EZ Loader Custom warranty: Loss of time, inconvenience, towing charges, travel expenses, lodging, telephone, gas, loss or damages to personal property, or loss of wages. This warranty is intended to comply with the "Magnusson Commission Improvement Act" and any provisions of this warranty or actions taken by EZ Loader Custom Boat Trailers pursuant to this warranty shall be construed accordingly. EZ Loader Boat Trailers, Inc. shall not be liable for any incidental or consequential damages for breach of this, or any other warranty, express or implied. Some states do not allow the exclusion of limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. The 5 year from retail sale, and/or 6 year from manufacturing date warranty went into effect 7/1/12. TRAILER MUST BE REGISTERED ONLINE FOR THIS WARRANTY. MANUFACTURED IN THE USA

HOW THE WORLD GETS TO THE WATER

CUSTOM
BOAT TRAILERS

*Items shown in this catalog are subject to change.

ABOUT EZ

Since 1953 Larry Johnson, founder of EZ Loader Boat Trailers and his family, have been the leaders in manufacturing boat trailers with over ten patents and millions of trailers sold nationally and internationally throughout the years. With four manufacturing facilities and 11 distribution centers in North America, and 24 worldwide, EZ Loader is truly, 'How the World Gets to

the Water.' EZ Loader is the one-stop shop for any type of recreational boat trailer in roller or bunk styles as well as galvanized, black/silver

textured powder-coat, aluminum, ranging from 600 pound to 15,000

pound capacity. No other company sells, services and is more well respected around the globe than EZ Loader, manufactured in the USA.

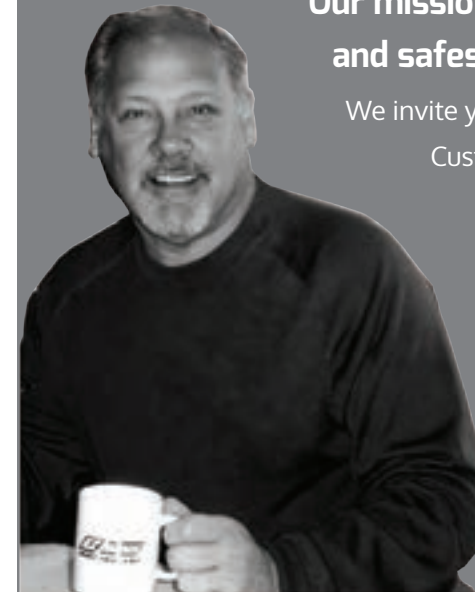

ABOUT CUSTOM

EZ Loader Custom Trailers, a division of EZ Loader Boat trailers has over 60 plus years of manufacturing expertise. They have been manufacturing custom fitted, painted, other types of recreational and utility type trailers in Midway, Arkansas for the last 32 years, leading the way in innovation, quality and performance. Not very many companies can boast about a heritage like that of EZ Loader.

Our mission is to build our trailers to be the best and safest trailers in the world.

We invite you to read this catalog and see how EZ Loader Customs **"takes the world to the water."** We manufacture the most complete line of welded trailers including, painted, galvanized, polyurea coated "tuff coated" and aluminum trailers including our patented I-Tube aluminum frames, plus many new and innovative options and accessories to assist you over the years to come.

Happy Trailing - Gary Potter

TUFF COAT FINISH

EZ Loader Custom" Tuff Coat" finish helps protect the trailer from rock chips and nicks with professionally sprayed on polyurea. It provides excellent abrasion protection and chemical resistance. It is available in a black finish and is available on most models.

RIVERBOAT

PERSONAL WATER CRAFT

CUSTOMIZATION

GALVANIZED

EZ Loader Custom offers the option of galvanizing on most trailers. While the purpose of galvanizing a trailer is to minimize the effect of corrosion on structural steel, corrosion and the formation of rust can still occur. Due to the galvanizing process and its size, a trailer might be left with a few imperfections to its cosmetic appearance because of the structural steel application. Rust formation, corrosion and these imperfections are not covered by the EZ Loader warranty.

I-MAX SERIES

The I-MAX trailer is one of our premier sport boat trailers. This trailer is built to be "top-of-the-line" with style and performance a priority. Sporting standard features including 18" Aluminum wheels and tires, cushioned steps, that light up the top of the step, for the best looking and safest product available, the all new stop, turn, and reverse lighting package, a high gloss paint color matched to your boat, and much more. The I-MAX will be a trailer your friends will envy while it accentuates your boat with sport-inspired design and flair. Built with welded tube construction for the utmost safety and reliability.

ILLUSION II SERIES

The Illusion II trailer was brought back to market last year due to its popular demand. This trailer is built with a strong welded tube construction, and many standard upgrades of luxury, with durability and performance engineered into its design. Featuring 20" Aluminum wheels and Radial Tires, lighted top steps, with options like our walk up bow ladder, and LED side rail lights to identify your trailer's brand or dealer name. The base trailer is a complete luxury package, or personalize and enhance it further with upgrade options.

PONTOONS

Our EZ Loader Pontoon trailers are evolving with the changing times, as more and more people are towing pontoons to alternative sites. We offer what today's smart buyer wants, a strong welded steel or welded aluminum frame, constructed and engineered to last for years to come. With four different series and price points, our economy, standard and executive models give you the choice of model and series with the features you want on your trailer. Standard features of all series provide a complete package to safely tow your boat. Enhance your trailer's looks with our assorted options, or pick the top-of-the-line executive pontoon trailer. Our executive series trailers are like no other in the industry, featuring lighted steps, optional ladders, and composite bunk covers for more durability than any other pontoon trailer.

M2 SERIES

The M2 trailer, with all new vibrant graphics, aluminum wheels and many accessories, is our most popular and best-selling trailer because of its versatility, style, durability and performance. Our M2 trailers last for years, sporting a strong welded tube frame, requiring little to no maintenance. Its standard features make this trailer the complete package, or you can enhance your trailer with all the "bling" you can imagine with our myriad of options. The newly designed M2 SKI Boat series are sought after by skiers with performance in mind, featuring contrasting painted fenders, aluminum wheels, lighted "brite steps" and disc brakes on all axles. Like the rest of our trailers, the M2 will be fit specific to your boat and built with quality, performance, and endurance in mind.

I-TUBE

I-BEAM

ALUMINUM SERIES

FEATURING THE PATENTED I-TUBE CONSTRUCTION

EZ Loader's Patented I-Tube construction, with its engineered, built-in tube for keeping wires and brake lines in a corrosion resistant environment, makes EZ Loader a world wide favorite. The Aluminum Series trailers are extremely corrosion resistant and maintain their clean looks, durability, and performance for years to come. These quality trailers are designed to perform in both fresh or salt water environments. The strong welded aluminum frame, made from either I-Beam or patented I-Tube, superior components, and fit specific engineering, ensure years of dependable safety for your boat. As always, our base model provides a complete package, or upgrade yours with our many available options.
